ABOUT ANGLOPHONE

Learning should feel personal.

Anglophone teaches English for the world and academics for the years that build toward it. Two divisions, one standard: a student is taught by someone who knows their level, their goal and their deadline.

DIVISION 01

Global English

IELTS, PTE, TOEFL and the Duolingo English Test, alongside Spoken English and English Grammar for everyday confidence.

DIVISION 02

School Education

Grades 8–12 across CBSE, GSHSEB (Gujarat Board) and ICSE/ISC — each taught to its own board syllabus.

What we hold to

Expert Guidance

Teachers who know the format, the marking and the student in front of them — not a script delivered to a room.

Structured Learning

A clear sequence from where you are to where you need to be, with the next step always visible.

Goal-Oriented Preparation

Preparation built around your target — a band, a score, a board paper — rather than a generic syllabus.

Academic Foundation

School subjects taught for understanding, so the exam answer follows from the idea rather than the memory.

Student Support

Guidance that continues between classes, because most of the learning happens there.

ABOUT THE FOUNDER

Khushali Shah

Anglophone was founded on nearly a decade of classroom experience, examination expertise, and a deep commitment to language education. Khushali Shah, the institute's founder, has built her career on a single conviction: that strong communication skills — whether demonstrated in a school examination or an international proficiency test — open doors that nothing else can.

- IELTS Band 8.0
- B.A. English — Gujarat University
- M.A. English — Pandit Deendayal Energy University
- DELF B1 — French
- Trinity College London — Grade 8, Communication Skills
- Pearson PTE Trainer: Expert
- CELPIP Instructor Training
- TOEFL Teacher Training — ETS

ACADEMIC EDUCATION · GRADES 8–12

Strong foundations. Confident futures.

Board-aligned academic support for students in middle and senior school. Lessons are planned around the learner's grade, board requirements and individual learning goals.

Three board pathways. One standard of care.

Academic support for ICSE / ISC, CBSE and Gujarat State Board (GSHSEB) learners, with teaching shaped around the relevant board curriculum and classroom expectations.

Our academic pathways

ICSE / ISC

Structured support for students in Grades 8–10 (ICSE) and Grades 11–12 (ISC), with attention to subject understanding, written expression and examination readiness.

CBSE

Grade-appropriate academic guidance for Grades 8–10 and senior secondary learners in Grades 11–12, aligned to the subjects and learning outcomes they study.

Gujarat State Board (GSHSEB)

Support for students in Grades 8–12, with clear explanations, regular practice and preparation suited to the Gujarat Board learning framework.

What students can expect

Clear explanations

Concepts are broken into manageable steps so students understand the topic rather than rely only on memorisation.

Regular practice

Guided exercises, written responses and revision help reinforce learning and build consistency.

Board-aware preparation

Teaching and practice are adapted to the student's board, grade and subject requirements.

Individual attention

Support is shaped around current progress, areas for improvement and upcoming academic goals.

SUBJECTS & LEARNING

Learn the subject. Understand the why.

Anglophone offers academic assistance across key school subjects. The subject combination and depth of support can be tailored to the student's grade and board.

Subject areas

English
Reading comprehension, vocabulary, grammar, writing skills, literature and clear expression.

History
Historical events, timelines, causes and consequences, source-based understanding and structured answers.

Geography
Physical and human geography, maps, geographical terms, diagrams and application-based learning.

Civics / Political Science
Institutions, governance, citizenship, rights and responsibilities, explained through clear concepts.

Environmental Studies
Environmental systems, sustainability, conservation, ecological issues and informed awareness.

A learning plan that fits the student

The pace, practice and revision plan are adjusted to the learner's grade level, board syllabus, subject needs and academic calendar.

How we support progress

01
Understand
Build clarity around key concepts and subject vocabulary.

02
Practise
Apply learning through questions, exercises and written responses.

03
Review
Identify gaps, revisit challenging areas and strengthen accuracy.

04
Prepare
Consolidate learning for class assessments and board examinations.

SUBJECTS BY BOARD & GRADE

Three boards, taught properly.

Each board has its own syllabus and its own expectations. Teaching follows the board your school actually sits. This is what Anglophone currently teaches, by board and grade.

Common questions

How are batches decided?
By grade and board first, then by the assessment. A student is never placed in a batch moving faster than they can follow.

Do you follow the school syllabus or your own?
The board syllabus leads. Sequencing is adjusted so concepts are secure before the school reaches the same chapter.

How do parents hear about progress?
Through periodic reviews against the targets set at the start, with the teacher available for specific concerns.

Can a student join mid-year?
Yes. The assessment identifies gaps from earlier chapters so they can be closed alongside current work.

THE ANGLOPHONE APPROACH

Personal guidance, purposeful learning.

Every student begins at a different point. We focus on building understanding, confidence and the habits that support steady academic progress.

How an academic program runs

01
Understand the learner
We discuss the student's grade, board, subjects, current learning needs and academic goals.

02
Plan the support
A teacher identifies priorities and organises lessons around the student's requirements.

03
Teach and practise
Lessons combine explanation, examples, guided practice and opportunities to ask questions.

04
Review progress
Learning is revisited regularly so that strengths are reinforced and gaps are addressed.

Who it is for

- Students in Grades 8–10 studying under ICSE, CBSE or GSHSEB.
- Senior school students in Grades 11–12 studying under ISC, CBSE or GSHSEB.
- Learners who want stronger subject foundations, clearer written answers or more structured revision.
- Students seeking additional academic guidance alongside their regular school learning.

Academic support with a personal touch
Our aim is to help students understand what they learn, communicate their ideas clearly and approach academic assessments with greater confidence.

Learning & course information

A free demo session helps us understand the student's level and requirements. Class format, schedules, subjects and course details can be discussed directly with Anglophone.

Course fees, schedules and upcoming dates
Course fees are not published. To ask about fees, schedules, batches or upcoming start dates, contact us on WhatsApp, by email or by phone.
