ABOUT ANGLOPHONE

Learning should feel personal.

Anglophone teaches English for the world and academics for the years that build toward it. Two divisions, one standard: a student is taught by someone who knows their level, their goal and their deadline.

DIVISION 01

Global English

IELTS, PTE, TOEFL and the Duolingo English Test, alongside Spoken English and English Grammar for everyday confidence.

DIVISION 02

School Education

Grades 8–12 across CBSE, GSHSEB (Gujarat Board) and ICSE/ISC — each taught to its own board syllabus.

What we hold to

Expert Guidance

Teachers who know the format, the marking and the student in front of them — not a script delivered to a room.

Structured Learning

A clear sequence from where you are to where you need to be, with the next step always visible.

Goal-Oriented Preparation

Preparation built around your target — a band, a score, a board paper — rather than a generic syllabus.

Academic Foundation

School subjects taught for understanding, so the exam answer follows from the idea rather than the memory.

Student Support

Guidance that continues between classes, because most of the learning happens there.

ABOUT THE FOUNDER

Khushali Shah

Anglophone was founded on nearly a decade of classroom experience, examination expertise, and a deep commitment to language education. Khushali Shah, the institute's founder, has built her career on a single conviction: that strong communication skills — whether demonstrated in a school examination or an international proficiency test — open doors that nothing else can.

- IELTS Band 8.0
- B.A. English — Gujarat University
- M.A. English — Pandit Deendayal Energy University
- DELF B1 — French
- Trinity College London — Grade 8, Communication Skills
- Pearson PTE Trainer: Expert
- CELPIP Instructor Training
- TOEFL Teacher Training — ETS

ALL COURSES AT A GLANCE

Everything we teach, in one place.

Two divisions: English Language Training for the world, and School Education for the years that build toward it. Find the course you need and turn to its page.

Division 01 · English Language Training

IELTS	Academic and General Training, prepared skill by skill against the band descriptors.	p. 5
PTE	A computer-scored test rewards accuracy and timing. We train both, task by task.	p. 6
TOEFL	Lecture notes, source-based writing and integrated tasks — the English a university expects.	p. 7
Duolingo English Test	Adaptive, at-home and short — preparation focused on question types and pacing.	p. 8
Spoken English	Communicate with confidence. Speak with clarity.	p. 9
English Grammar	Build strong foundations. Understand the rules.	p. 10

Division 02 · School Education, Grades 8–12

CBSE	Grades 8–12 · English, Social Studies, History, Geography, Political Science	p. 13
GSHSEB (Gujarat Board)	Grades 8–12 · English, Social Science, History, Geography	p. 13
ICSE / ISC	Grades 8–12 · English, History, Geography, Civics / Political Science, Environmental Studies	p. 13

Each board is taught to its own syllabus. Subjects and grades by board are listed on page 13.

Not sure where to start?

Every program begins with a free demo session. A teacher recommends the course and the starting point — message us on WhatsApp, send an email or call, and we will help you choose.

ENGLISH LANGUAGE TRAINING

Go global with the right test.

Four routes to the same destination. Choose the test your university, employer or visa pathway asks for — we'll prepare you for its exact format. Spoken English and English Grammar build everyday confidence alongside.

GLOBAL ENGLISH

IELTS

Academic and General Training, prepared skill by skill against the band descriptors.

GLOBAL ENGLISH

PTE

A computer-scored test rewards accuracy and timing. We train both, task by task.

GLOBAL ENGLISH

TOEFL

Lecture notes, source-based writing and integrated tasks — the English a university expects.

GLOBAL ENGLISH

Duolingo English Test

Adaptive, at-home and short — preparation focused on question types and pacing.

BUILD CONFIDENCE

Spoken English

Communicate with confidence. Speak with clarity.

BUILD CONFIDENCE

English Grammar

Build strong foundations. Understand the rules.

How we teach

01

Assess honestly

Start from the real level, not the hoped-for one.

02

Teach the method

Repeatable approaches beat one-off tips.

03

Practise deliberately

Short, targeted practice on the weakest skill.

04

Review and adjust

The plan changes when the evidence does.

GLOBAL ENGLISH · IELTS

Prepare for your target band.

IELTS rewards students who understand how it is marked. We work through Listening, Reading, Writing and Speaking against the band descriptors, so every practice session moves a specific criterion.

FORMAT	TEST TYPES	SKILLS	DURATION
Computer-based	Academic & General	Four skills	2 hrs 45 min + Speaking

IELTS ACADEMIC & GENERAL TRAINING

Do you teach Academic and General Training? Yes. The Listening and Speaking papers are shared; Reading and Writing are taught separately for each version.

What the course covers

Each skill is taught as a set of repeatable methods, then rehearsed under exam conditions.

01 Listening
Prediction, signposting and spelling accuracy across all four sections, with transfer-time discipline.

02 Reading
Skimming, locating and paraphrase recognition — matched to the question types that cost most marks.

03 Writing
Task 1 data description and Task 2 argument structure, with coherence and lexical range worked line by line.

04 Speaking
Part 1 fluency, Part 2 long turn planning and Part 3 discussion depth, with recorded feedback.

Who it's for

- Applicants to universities in the UK, Australia, Canada and beyond.
- Professionals who need a band score for registration or migration.
- Students retaking the test after falling short in one skill.

OUTCOME FOCUS

Know your current band, know the gap, and know exactly which skill to work on next.

Common questions

How is my starting level decided?
A free assessment covering all four skills. A teacher reviews it and recommends a starting point and focus.

Are classes online or in person?
Both formats are available. Ask about the current schedule when you book your assessment.

Can I focus on only one skill?
Yes — many students join for Writing or Speaking alone after an assessment shows the rest is on track.

GLOBAL ENGLISH · PTE

Prepare with precision.

PTE is computer scored, and scoring is unforgiving about pacing, pronunciation and content overlap. Preparation is built around the exact task types and the habits that protect your score.

FORMAT	TEST TYPES	SKILLS	DURATION
Computer-based	PTE Academic & PTE Core	Four skills	About 2 hours

What the course covers

Scored by machine, so we train the behaviours the scoring engine actually measures.

01 **Skills**
Speaking fluency and pronunciation, reading speed, note-taking and typing accuracy under time pressure.

02 **Practice**
Task-by-task drilling — Read Aloud, Repeat Sentence, Describe Image, Summarise Written Text and the rest.

03 **Strategy**
Timing plans, partial-credit decisions and recovery when a single task goes wrong mid-test.

Who it's for

- Students who prefer a computer-based test with fast results.
- Candidates who score well on content but lose marks to timing.
- Anyone retaking PTE after an uneven score profile.

OUTCOME FOCUS

Consistent task execution, so your score reflects your English rather than your test-day nerves.

Common questions

Is PTE easier than IELTS?
Neither is easier — they measure differently. An assessment usually makes the better fit obvious within one session.

Do I need strong typing?
Typing speed helps on written tasks. If it is slow, we build it into practice from the start.

How much practice is expected between classes?
Short, daily task practice beats long weekend sessions. Your teacher sets the volume with you.

Do you review my recorded answers?
Speaking tasks are reviewed with feedback on fluency, pronunciation and content coverage.

GLOBAL ENGLISH · TOEFL

Build academic English.

TOEFL asks you to read a passage, hear a lecture and then respond — the way a university actually works. Preparation builds academic reading and note-taking alongside test technique.

FORMAT	DELIVERY	SKILLS	DURATION
Computer-based, adaptive	Test centre or Home Edition	Four skills	About 2 hours

What the course covers

Integrated tasks reward students who can hold a source in mind while producing their own English.

01 **Reading**
Academic passages, inference and vocabulary in context, plus the summary and table question types.

02 **Listening**
Lecture and conversation note-taking, attitude and function questions, and structured shorthand.

03 **Speaking**
Independent and integrated responses, planned and delivered inside the clock.

04 **Writing**
Integrated source-based writing and the academic discussion response, with paragraph-level editing.

Who it's for

- Applicants to universities in the United States and Canada.
- Students who want academic English, not only a test score.
- Learners moving into an English-medium degree programme.

OUTCOME FOCUS

Academic English you keep after the test — note-taking, summarising and source-based writing.

Common questions

How long does preparation take?
It depends on your starting level and target score. The assessment gives you an honest estimate.

Do you cover note-taking?
Yes — it is taught explicitly, because Listening and the integrated tasks depend on it.

Will this help at university too?
That is the intent. The reading, note-taking and writing methods transfer directly into coursework.

Can I switch to IELTS later?
Yes. Much of the underlying skill work carries over; the technique layer is retaught for the new format.

GLOBAL ENGLISH · DUOLINGO ENGLISH TEST

Flexible English testing.

A short, adaptive, at-home test with an unfamiliar question set. Preparation is about recognising every task type instantly and keeping quality high as the difficulty adapts.

FORMAT	DELIVERY	SKILLS	DURATION
Computer-based, at home	Adaptive, no test centre	Four skills	About 1 hour

What the course covers

Short test, little recovery time — familiarity with each task type is most of the preparation.

01 Practice
Every task type rehearsed until the instructions no longer cost you thinking time.

02 Preparation
Vocabulary range, dictation accuracy and spoken clarity under a running clock.

03 Strategy
Managing an adaptive test, plus the writing and speaking sample that institutions review.

Who it's for

- Applicants whose institution accepts the Duolingo English Test.
- Students who need a result quickly or cannot reach a test centre.
- Learners comfortable testing at home with a stable setup.

OUTCOME FOCUS

No surprises on test day — every task type already familiar, pacing already rehearsed.

Common questions

Is the test accepted by my university?
Acceptance varies by institution. Check your university list before choosing this route — we will help you compare.

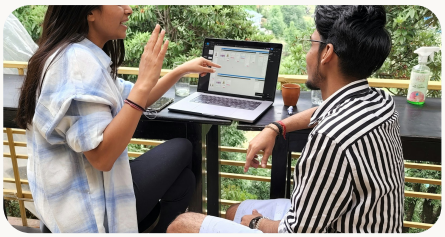

How short is the test?
Much shorter than IELTS or TOEFL, which is why pacing and instant task recognition matter so much.

What setup do I need at home?
A quiet room, a working camera and microphone, and a stable connection. We rehearse the conditions too.

Can I prepare alongside IELTS?
Yes. The underlying English overlaps; the task practice is kept separate to avoid confusion.

BUILD CONFIDENCE · SPOKEN ENGLISH

Communicate with confidence. Speak with clarity.

Our Spoken English programme is designed to help learners communicate more confidently, fluently and effectively in everyday, academic and professional situations. The focus goes beyond learning words — it is about developing the ability to express ideas naturally and clearly.

LEVEL	FOCUS	MODE	STARTS
Beginner to advanced	Fluency & clarity	Classroom or online	Rolling intake

What the programme covers

Grammar is part of speaking. Fluent spoken English is not only about speaking more — it is about speaking accurately and meaningfully.

01 Communication & Fluency
Developing the confidence and flow needed to communicate comfortably.

02 Speech & Pronunciation
Improving clarity, pronunciation, intonation and natural speech patterns.

03 Content & Expression
Building the vocabulary, ideas and language needed to express yourself effectively.

04 Everyday Conversations
Practising practical situations such as introductions, discussions, social interactions and daily communication.

05 Academic Communication
Developing language for presentations, classroom discussions, academic conversations and other study-related requirements.

06 Grammar for Speaking
Strengthening essential grammar through practical use, including tenses, sentence structures and other key grammatical elements.

Who it's for

- Learners who want to communicate confidently in daily life.
- Students preparing to participate in academic conversations.
- Anyone preparing for a new environment, or wanting to become a more effective English speaker.

OUTCOME FOCUS

Whether your goal is daily life, academic conversations or a new environment, sessions are tailored to your individual needs, level and goals.

Common questions

I am a complete beginner. Is that a problem?
No. Groups are placed by level after the assessment, so you are never the only one starting out.

Will I actually speak in class?
Yes, every session. Listening to a teacher talk does not build fluency.

How long before I notice a difference?
Most learners notice easier everyday conversation well before formal accuracy catches up.

Do you correct my accent?
We work on clarity, not accent removal. Being understood is the goal.

BUILD CONFIDENCE · ENGLISH GRAMMAR

Build strong foundations. Understand the rules.

Our English Grammar classes are designed to help learners develop a clear and structured understanding of the fundamentals of English. We focus on both understanding grammatical concepts and applying them accurately in real sentences, helping learners build confidence in spoken and written English.

LEVEL	FOCUS	MODE	STARTS
Foundation to advanced	Accuracy	Classroom or online	Rolling intake

What the classes cover

Grammar is not simply about memorising rules. The aim is to understand why a particular structure is used and how to apply it correctly.

01 Fundamentals of Grammar
The basic principles and building blocks of English grammar.

02 Nouns
People, places, things and ideas, and how nouns function in sentences.

03 Pronouns
Correct use of pronouns and their relationship with nouns.

04 Verbs
Action and state verbs, verb forms and their role in sentence formation.

05 Adjectives
Words that describe and modify nouns to make expression more precise.

06 Adverbs
How adverbs modify verbs, adjectives and other adverbs.

07 Prepositions
Words expressing relationships of place, time, direction and more.

08 Conjunctions
Connecting words, phrases and clauses to create clear sentences.

09 Articles
Correct use of a, an and the, including when articles are required, omitted or used according to context.

10 Sentence Structures
How words and clauses are organised to form grammatically correct and meaningful sentences.

11 Subject–Verb Agreement
Matching subjects and verbs correctly, including common patterns and errors.

Who it's for

- Learners who want to strengthen their English fundamentals, improve sentence formation, and correct common grammatical errors.
- Anyone who wants to develop greater accuracy in spoken and written English.
- Students who need stronger grammatical foundations for academic communication and examinations.

OUTCOME FOCUS

A strong command of grammar helps you communicate ideas more clearly, write more accurately and speak with greater confidence.

Common questions

Is this only for exam students?
No. It suits anyone who writes or speaks English regularly and wants accuracy to stop being guesswork.

Do I need to memorise rules?
Very few. The course is built on understanding patterns and applying them to your own writing.

ACADEMIC EDUCATION · GRADES 8–12

Strong foundations. Confident futures.

Board-aligned academic support for students in middle and senior school. Lessons are planned around the learner's grade, board requirements and individual learning goals.

Three board pathways. One standard of care.

Academic support for ICSE / ISC, CBSE and Gujarat State Board (GSHSEB) learners, with teaching shaped around the relevant board curriculum and classroom expectations.

Our academic pathways

ICSE / ISC

Structured support for students in Grades 8–10 (ICSE) and Grades 11–12 (ISC), with attention to subject understanding, written expression and examination readiness.

CBSE

Grade-appropriate academic guidance for Grades 8–10 and senior secondary learners in Grades 11–12, aligned to the subjects and learning outcomes they study.

Gujarat State Board (GSHSEB)

Support for students in Grades 8–12, with clear explanations, regular practice and preparation suited to the Gujarat Board learning framework.

What students can expect

Clear explanations

Concepts are broken into manageable steps so students understand the topic rather than rely only on memorisation.

Regular practice

Guided exercises, written responses and revision help reinforce learning and build consistency.

Board-aware preparation

Teaching and practice are adapted to the student's board, grade and subject requirements.

Individual attention

Support is shaped around current progress, areas for improvement and upcoming academic goals.

SUBJECTS & LEARNING

Learn the subject. Understand the why.

Anglophone offers academic assistance across key school subjects. The subject combination and depth of support can be tailored to the student's grade and board.

Subject areas

English
Reading comprehension, vocabulary, grammar, writing skills, literature and clear expression.

History
Historical events, timelines, causes and consequences, source-based understanding and structured answers.

Geography
Physical and human geography, maps, geographical terms, diagrams and application-based learning.

Civics / Political Science
Institutions, governance, citizenship, rights and responsibilities, explained through clear concepts.

Environmental Studies
Environmental systems, sustainability, conservation, ecological issues and informed awareness.

A learning plan that fits the student

The pace, practice and revision plan are adjusted to the learner's grade level, board syllabus, subject needs and academic calendar.

How we support progress

01
Understand
Build clarity around key concepts and subject vocabulary.

02
Practise
Apply learning through questions, exercises and written responses.

03
Review
Identify gaps, revisit challenging areas and strengthen accuracy.

04
Prepare
Consolidate learning for class assessments and board examinations.

SUBJECTS BY BOARD & GRADE

Three boards, taught properly.

Each board has its own syllabus and its own expectations. Teaching follows the board your school actually sits. This is what Anglophone currently teaches, by board and grade.

GRADES 8–12

Geography
Grades 8–12

Civics / Political Science
Grades 8–12

Environmental Studies
Grades 9–12

Subject pages on the website set out the syllabus scope grade by grade at anglophone.in/school/.

Common questions

How are batches decided?
By grade and board first, then by the assessment. A student is never placed in a batch moving faster than they can follow.

Do you follow the school syllabus or your own?
The board syllabus leads. Sequencing is adjusted so concepts are secure before the school reaches the same chapter.

How do parents hear about progress?
Through periodic reviews against the targets set at the start, with the teacher available for specific concerns.

Can a student join mid-year?
Yes. The assessment identifies gaps from earlier chapters so they can be closed alongside current work.

THE ANGLOPHONE APPROACH

Personal guidance, purposeful learning.

Every student begins at a different point. We focus on building understanding, confidence and the habits that support steady academic progress.

How an academic program runs

01
Understand the learner
We discuss the student's grade, board, subjects, current learning needs and academic goals.

02
Plan the support
A teacher identifies priorities and organises lessons around the student's requirements.

03
Teach and practise
Lessons combine explanation, examples, guided practice and opportunities to ask questions.

04
Review progress
Learning is revisited regularly so that strengths are reinforced and gaps are addressed.

Who it is for

- Students in Grades 8–10 studying under ICSE, CBSE or GSHSEB.
- Senior school students in Grades 11–12 studying under ISC, CBSE or GSHSEB.
- Learners who want stronger subject foundations, clearer written answers or more structured revision.
- Students seeking additional academic guidance alongside their regular school learning.

Academic support with a personal touch
Our aim is to help students understand what they learn, communicate their ideas clearly and approach academic assessments with greater confidence.

Learning & course information

A free demo session helps us understand the student's level and requirements. Class format, schedules, subjects and course details can be discussed directly with Anglophone.

Course fees, schedules and upcoming dates
Course fees are not published. To ask about fees, schedules, batches or upcoming start dates, contact us on WhatsApp, by email or by phone.

LEARNING & COURSE INFORMATION

How a program runs.

Every program starts with a free demo session. A short session tells us your level and your goal — the recommendation comes from a teacher, not a form.

01
Demo Session
A free session to place your level and agree a target.

02
Plan
A teacher maps the sequence and the time it realistically needs.

03
Teaching
Structured sessions with practice between them, reviewed each week.

04
Review
Progress checked against the target, and the plan adjusted.

At a glance

IELTS	Computer-based · Academic & General · Four skills · 2 hrs 45 min + Speaking
PTE	Computer-based · PTE Academic & PTE Core · Four skills · About 2 hours
TOEFL	Computer-based, adaptive · Test centre or Home Edition · Four skills · About 2 hours
Duolingo English Test	Computer-based, at home · Adaptive, no test centre · Four skills · About 1 hour
Spoken English	Beginner to advanced · Fluency & clarity · Classroom or online · Rolling intake
English Grammar	Foundation to advanced · Accuracy · Classroom or online · Rolling intake
CBSE	School education · Grades 8–12 · English, Social Studies, History, Geography, Political Science
GSHSEB (Gujarat Board)	School education · Grades 8–12 · English, Social Science, History, Geography
ICSE / ISC	School education · Grades 8–12 · English, History, Geography, Civics / Political Science, Environmental Studies

Test details are those of the tests themselves, as described on each program page of the website.
